

Getting Started

Before you get started you will need the following:

- A hammer to hit the nail on the head
- Extra screws in case yours come loose
- Fully charged batteries (not included)
- A measuring tape to keep track of your progress
- Glue to hold yourself together
- A wrench to get a grip on mystifying grammatical structures that may drive you nuts
- A screwdriver or other beverage of choice to celebrate your little successes and achievements along the way
- Most importantly, you will need guts and determination to quell whatever inhibitions and fears you have
